

(ii) *re-failure of scheme of distribution of sites to the siteless in Bellary District.*

SRI B. SATYANARAYANA SING —I call the attention of the Hon. Minister for Transport and Housing to the failure of the scheme of distribution of house sites to siteless people in Bellary District.

SRI K. H. RANGANATH (Minister for Transport and Housing).— I make the following Statement.

The State Government are implementing the scheme for provision of house sites to the families of landless workers in rural areas as a Central Sector Scheme introduced by the Government of India during the year 1971-72. Under this scheme, free house sites are provided to such of the families of land less workers in rural areas who fulfil the following conditions among others.

(i) Neither the head of the family or any of its members own any land whatsoever (Agricultural or otherwise in the village rural area ;

(ii) the family depends for its livelihood mainly on the unskilled labour of its members ; and

(iii) the members of the family reside in the village rural area ; for the major part of the year.

Under this scheme the Government of India will provide 100% financial assistance towards development of house sites at the rate not exceeding Rs. 150/- per house site. House sites have to be distributed on the available Government Panchayat lands. In case Government/Panchayat lands are not available private lands have to be acquired for the purpose and the Government of India will provide the cost of acquisition of the said lands in addition to the cost of development of sites up to Rs. 150/- per house sites. The administrative charges for the implementation of the scheme is however to be met out of the funds of the State Government only.

To claim the financial assistance as stated above, Block-wise projects in the prescribed proforma have to be formulated and sent to the Government of India for their clearance. Accordingly, the Government of India have so far sanctioned projects in respect of 14 districts in the State covering 108 Blocks for providing a total number of 1,72,597 house-sites to the eligible families and they have also released a total sum of Rs. 59.84 lakhs to the accounts of the State in respect of these projects as the first instalment of the sanctioned financial assistance. This amount has been distributed by the State Government among the Deputy Commissioners concerned. The projects in respect of Bellary, Bijapur, Gulbarga, Mysore and Raichur Districts have not yet been approved by the Government of India. The projects in respect of the 8 Blocks of Bellary District

for providing a total number of 26,273 house-sites claiming a total financial assistance of Rs. 11,80,057 have been forward to the Government of India vide Government letter No. DPC 154 DRH 72 dated 24th February 1972. The Government of India who were addressed to expedite the sanction for these projects have informed the State Government that at present, they are not concentrating on any fresh projects due to the difficult financial position of the centre and they are concentrating on the projects which have already been sanctioned by them for the present.

However, the State Government had advanced a total sum of Rs. 1,60,000/- during the year 1972-73 to Bellary District at the rate of Rs. 20,000/- per taluk as advances subject to recoupment when the projects are sanctioned by the Government of India. A total number of 13,066 house-sites have been distributed in the district out of Government/Panchayat lands and pattas (Certificate of sites have been granted to the beneficiaries.) But the Developmental work of these sites such as formation of streets, and drains, levelling etc., has not been made for want of funds which has to be received from the Government of India. Soon after the projects are sanctioned by the Government of India and the necessary amounts are received thereto the sites so far distributed will be developed and handed over to the parties concerned.

Under the circumstances explained above, (a) distribution only pattas (certificates of sites) has been made in most of the cases: and (b) physical handing over of sites, (c) development of the sites such as levelling etc. (d) preparation of layouts will be made soon after the projects under the scheme in respect of Bellary District are approved by the Government of India and necessary funds are received.

As already stated above, physical handing over of sites is therefore depending on the completion of the developmental scheme which is awaiting financial assistance of Government of India.
